

ENABLE SUCCESSFUL ORGANICS PROGRAMS

Compostable Film and Education Systems for Community Adoption

THE ECOSAFE ZERO WASTE SYSTEM

*A Complete Compostable System -
Not Just Products*

EcoSafe provides an integrated portfolio
designed for distribution and end-user
success:

COMPOSTABLE BAGS & LINERS

Core products for food waste
collection

BINS, CARTS & ECOSTATIONS

Supports full system
deployment

SIGNAGE & EDUCATION

Enables proper usage and
adoption

PROGRAM SUPPORT & TRAINING

Core products for food waste
collection

THE CHALLENGE

Organics Programs Depend on Participation

Municipal programs must address:

CONSISTENT WASTE SEPARATION AT SOURCE

COMMUNITY-WIDE PARTICIPATION

CLEAR AND SIMPLE PROGRAM COMMUNICATION

Without the right tools and education,
adoption and program performance can
be difficult to sustain.

WHY ECOSAFE ZERO WASTE?

Built for Scalable Distribution

- ✓ Certified compostable (BPI certified and CMA-IAW field tested)
- ✓ Supports residential and multi-residential programs
- ✓ Focus on education and behavior change
- ✓ Flexible across different program structures

OUTCOMES

Program Benefits

- ✓ Increased participation across communities
- ✓ Improved source separation
- ✓ Supports diversion and sustainability targets
- ✓ Scalable across municipalities of varying sizes

APPLICATIONS

Where It Works

Curbside
organics
collection

Multi-
residential
programs

Public spaces
and facilities
